Greetings Covenant Partners,

I pray God's richest over you in all that you place your hands upon this day.

I have a question for you. What was your decision for this day? When you woke up this AM you had to make a decision about this day. Even if you did not think about it but just got up and took off, you made a decision about the day. Now according to the Word, the power of life and death is in the tongue, so to me that says you have the power just waiting to be spoken. The beauty behind this is that it is not your power that is going forth but just your words putting a spiritual law into action.

I want to take a moment and read Mark 4 (The Message) V:35-38 *Late that day he said to them, "Let's go across to the other side." They took him in the boat as he was. Other boats came along. A huge storm came up. Waves poured into the boat, threatening to sink it. And Jesus was in the stern, head on a pillow, sleeping! They roused him, saying, "Teacher, is it nothing to you that we're going down?"*

V: 39 – 40 Awake now, he told the wind to pipe down and said to the sea, "Quiet! Settle down!" The wind ran out of breath; the sea became smooth as glass. Jesus reprimanded the disciples: "Why are you such cowards? Don't you have any faith at all?" V:41 They were in absolute awe, staggered. "Who is this, anyway?" they asked. "Wind and sea at his beck and call!"

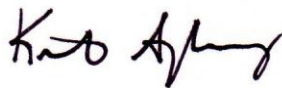

I read this and see how many start their day. Many get up and first thing is the news reports of doom and gloom which fills the air of the house. You hurry around to get ready with the newest recession report. And, of course, they must talk about the fall of the job force and adding in reports of murder and sickness; we are set for the day! Set for failure that is!

Jesus got up and spoke to the storm with words of power not a request. He basically told it to shut up and pipe down. He took control of the situation which is what you must do every day. It should start before you fall asleep with "this is going to be a great night's sleep" and waking up to "thank you Jesus for the most blessed day of my life ever". This is not based on how you feel or what you see, but instead who you know and what He has promised. When Jesus spoke to the storm, it had no choice but to obey. It can be that way in every area of your life. There is nothing too small or a waste of time for God to move on. I have seen it in the healing of my own body to even the healing of our pets. God cares, and cares so much that He sent Jesus so that all of this could be put back in line as it was intended to be in the garden.

It's never too late to speak change, so if this day is not going the way you want it to, then speak to it! Speak to it not with a request but with a command of change.

We want to hear from you, with your prayer requests and praise reports. You are very special to us and we pray for you daily. Remember to always keep reaching forward!!

Be blessed,
